A BIT OF IHA HISTORY

In 1991 the International Herb Association established National Herb Week to be celebrated every year during the week prior to Mother's Day. The purpose of National Herb Week is to develop and coordinate national attention on herbs, herbal uses, herb businesses, and the IHA.

Every year since 1995, the International Herb Association has chosen an Herb of the Year™ to highlight. We have chosen Herbs of the Year through 2025 and they have been announced.
